SOLAR TOGETHER SUFFOLK

Suffolk County Council is working in partnership with Babergh & Mid Suffolk District Councils, Forest Heath District Council & St Edmundsbury Borough Council, Ipswich Borough Council and Suffolk Coastal & Waveney District Councils to deliver Solar Together Suffolk.

HOW DOES IT WORK?

Registration

Register before 22 August for free, and without obligation online. You fill in the details of your roof, like size and position.

Auction

An auction will be held on 22 August. Our approved suppliers submit bids. The more people register, the better the deal for each household.

Personalised offer

From 10 September you will be contacted with a personalised offer, based on the specifications of your roof. This includes your costs and return on the investment of a solar panel installation.

You decide

The decision is then yours as to whether you want to accept your offer. There is no obligation to continue. You will have until 19 October to decide.

Installation

If you accept the offer, the winning supplier will contact you to survey your roof and set an installation date. All installations are planned to be completed by the end of March 2019.
